The Instant Face Lift

- Face and eye area will be visibly tighter, firmer and smoother.
- Appearance of fine lines and wrinkles, dark circles and undereye puffiness will be diminished.

See dramatic and visible results in 30 minutes or less.

Step 1 Microderm® Abrasion Facial Buffering Creme and Facial Buffer

Physically remove the surface layers of dry, compacted skin cells to not only reveal a new, refreshed complexion, but to help create the optimal conditions to stimulate the production of collagen and elastin and increase the absorption of your skin care treatment products. Facial Buffering Creme #10572 \$50; Facial Buffer #13936 \$10.50

Step 2 Regeneration® Tight Firm & Fill® Eye Firming Serum

Apply along the brow bone, eyelid, under the eyes and along the crow's feet area to visibly lift the lid and improve all-around skin texture. Let dry. #14213 \$42.50

Step 3 Regeneration® Tight Firm & Fill® Face Creme

Apply all over the face, concentrating on the more line-prone areas of the face. Let advanced anti-aging ingredients visibly improve skin's elasticity and firmness. #14242 \$48.50

Step 4 Platinum Regeneration® Rejuvenating Eye Treatment—Eye Patches

Apply patch to the area under the eyes and leave on for 30 minutes. Its fast-penetrating delivery system drives the active ingredients into your lines and wrinkles, surgically the skin with beneficial age-defying ingredients. Remove the patches and see eyes that look years younger in just a matter of minutes. #13940 (12 eye patches; 6 pairs) \$40
